Approval of "DORNBRACHT" Combination Tap Assemblies

Your letter ref. 2017/0093/D73A dated 19 April 2017 refers.

It is noted that the fittings described below have been accepted by the United Kingdom Water Regulations Advisory Scheme (WRAS) to have complied with the requirements of the United Kingdom Water Supply (Water Fittings) Regulations / Scottish Water Byelaws when correctly installed.

Name of Manufacturer: Aloys F Dornbracht GmbH & Co KG

Country of Origin: Germany

Brand: Dornbracht

Details of Fittings: Single hole, single outlet (fixed) combination tap assemblies (chromium plated brass) with ceramic cartridge headwork and single lever operating member. The spout outlets incorporate a plastic aerator. The 33506720 model is supplied with a pop-up waste. Maximum working pressure 10.0 bar. Maximum operating temperature 60°C.

Model: 33506720 & 33526720

Acceptance Reference No. B20170103

Page: 1

Size: Stainless steel braided PEX lined flexible hose assemblies with 10mm spigot end connections

Marking: Dornbracht on base of tap body at the front

WRAS Approval Number: 1611045

Installation Requirements: R001, R006, R009, R010

Expiry Date: 30 November 2021

In view of the acceptance by WRAS, this Authority has no objection to the use of the said fittings in fresh water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following installation requirements –

“Installation shall comply with the ‘Installation Requirements & Notes’ of the WRAS’s approval letter concerned.” AND

“The cold water supply to the fittings shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply.”

A condition of this acceptance is that the fittings to be installed should be replicas of the samples certified by WRAS and no modification should be made to the fittings. This acceptance may be withdrawn at any time if the standard of the fittings installed fails to meet that of the approved samples or if the fittings are found to be unsuitable for use in fresh water plumbing systems.

This acceptance is only applicable to the main body of the fittings, unless other specified.

For the use of the fittings in any project, the Acceptance Reference Number at the bottom of this letter must be quoted as a means of identification of acceptance of the fittings by this Authority.

Should you have any enquiries, please contact our Engineer Mr Terry KUNG at tel. no. 2294 2656.

Yours faithfully,

A handwritten signature in black ink, appearing to be 'Chan Chung Kun', written in a cursive style.
