Approval of “VADO” Combination Tap Assembly

Your letters ref. L18-022 and L18-022R1 dated 16 April 2018 and 14 May 2018 respectively refer.

It is noted that the fitting described below has been accepted by the United Kingdom Water Regulations Advisory Scheme (WRAS) to have complied with the requirements of the United Kingdom Water Supply (Water Fittings) Regulations / Scottish Water Byelaws when correctly installed. This Authority accepts that the fitting described below based on the WRAS certificate and test report ref. J22834A r1 issued on 11 May 2018 by Nutek Systems (HK) Limited.

Name of Manufacturer: Vado

Country of Origin: UK

Brand: Vado

Details of Fitting: Range of single hole, single outlet (swivel) combination tap assembly (brass body with S/S – brushed stainless steel), incorporating a ceramic cartridge headwork with a single lever operating member. The spout outlet incorporates a plastic aerator. Maximum working pressure 5.0 bar. Maximum operating temperature 60°C.

Model: CUC-1008-S/S

Size: Stainless steel braided polyethylene lined flexible inlet hose assemblies incorporating 1/2" captive nut end connections

Marking:  on body

WRAS Approval Number: 1709328

Installation Requirements: R001, R006, R009, R010

Expiry Date: 30 September 2022

In view of the acceptance by WRAS, this Authority has no objection to the use of the said fitting in fresh water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following installation requirements –

“Installation shall comply with the ‘Installation Requirements & Notes’ of the WRAS’s approval letter concerned.” AND

“The cold water supply to the fitting shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply.”

A condition of this acceptance is that the fitting to be installed should be replicas of the sample certified by WRAS and no modification should be made to the fitting. This acceptance may be withdrawn at any time if the standard of the fitting installed fails to meet that of the approved sample or if the fitting is found to be unsuitable for use in fresh water plumbing systems.

This acceptance is only applicable to the main body of the fitting, unless other specified.

For the use of the fitting in any project, the Acceptance Reference Number at the bottom of this letter must be quoted as a means of identification of acceptance of the fitting by this Authority.

Should you have any enquiries, please contact our Engineer Mr Terry KUNG at tel. no. 3583 4086.

Yours faithfully,

A handwritten signature in black ink, appearing to be 'mh' with a long horizontal flourish extending to the right.
