**Approval of “HATTERSLEY” Thermostatic Mixing Valves
(General Acceptance No. B20200083)**

Your letter dated 29 May 2020 and subsequent submissions received by this department up to 6 November 2020 refer.

It is noted that the fittings described below have been accepted by the United Kingdom Water Regulations Advisory Scheme (WRAS) to have complied with the requirements of the United Kingdom Water Supply (Water Fitting) Regulations / Scottish Water Byelaws when correctly installed. This Authority accepts that the fittings described below based on the WRAS certificate and test reports ref. J24437Ar2 and J24437Br2 issued on 8 July 2020 and 28 August 2020 by Nutek Systems (HK) Limited comply with, and their use when correctly installed does not contravene, the Waterworks Ordinance and Regulations.

Name of Manufacturer: Hattersley

Country of Origin: the Mainland of China

Brand: Hattersley

Details of Fitting: Range of T-type thermostatic mixing valves with chrome plated DZR brass bodies and manually adjustable temperature control. Maximum working pressure 10.0 bar. Maximum operating temperature 85°C.

Model: Fig.77

Size: 15mm and 22mm

Body Markings: HH, model and product info on cap

WRAS Approval Number: 1805106

Installation Requirements: R001, R040, R120

Expiry Date: 31 May 2023

In view of the acceptance by WRAS, this Authority has no objection to the use of the said fittings in fresh water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following installation requirements –

“Installation shall comply with the ‘Installation Requirements & Notes’ of the WRAS’s approval letter concerned.” AND

“The cold water supply to the fittings shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply.”

A condition of this acceptance is that the fittings to be installed should be replicas of the samples certified by WRAS and no modification should be made to the fittings. This acceptance may be withdrawn at any time if the standard of the fittings installed fails to meet that of the approved samples or if the fittings are found to be unsuitable for use in fresh water plumbing systems.

This acceptance is only applicable to the main body of the fittings, unless otherwise specified.

For the use of the fittings in any project, the General Acceptance Number of this letter must be quoted as a means of identification of acceptance of the fittings by this Authority.

Should you have any enquiries, please contact our Engineer Mr. Terry KUNG at tel. no. 3583 4086.

Yours faithfully,

(CHAN Chung-kun)

for Director of Water Supplies
